DESIGN STANDARDS BULLETIN

		DEGIGIA GTANDANDO DOLLETIN
_		ds were developed to work in conjunction with the requirements of the Construction and Professional
Services Man	uai (CP	PSM) of the State nc consider
		ess energy than conventional hand dryers, have a 10 second dry time, be made in the USA and a 5-year warranty. Provide the XLERATOR XL-W (white) or equal in all restroomlocations.
b.	Restro	oom layout should carefully consider the following when locating hand drying stations:
		Consider the layout of the restroom, placing the hand dryer in a position to aid with the flow of traffic through the restroom.
		Distance of the hand dryer from the sink to reduce the amount of water dripped onto the floor by beople moving from the sink to the hand dryer.
	3. I	Place the hand dryers at least three feet away from any reflecting obstacles such as cornerwalls
